ROOMS

23 twin rooms
9 double rooms
8 single rooms

Across Menorca

“Mahón” social activity military residence is located in Plaza de la Explanada behind the coach station and close to the city centre. Its privileged situation makes it an excellent starting point to discover the different amazing landscapes of the island. Mahón is provided with one of the biggest natural ports in the world. Ciudadela, the old medieval city, is located 45 kms far. Guests can make use of the gardens and the relaxing terrace in the military residence and they are not required to have any meals compulsory. As an additional part, guests can enjoy the sport facilities in “San Felipe” building, 4 kms far from the residence where they can use all the services.

ACTIVITIES

Active tourism

Menorca, the second biggest island in the Balearic archipelago, with an extension of 50 kms from East to West and 20 kms from North to South, enjoys different contrasts which enhance its singularity. Its high preservation standard together with biodiversity made it earn the tittle of the Biosphere Reserve in 1993; as well, it enjoys a rich historical and cultural heritage and its best examples are the prehistorical sites and the English and French Invasion remains – for about a century – throughout the 18th century.

Unlike other touristic destinations, Minorca got to overcome the urban deteriorating situation and keep most of its geography safe. Fertile ravines, grasslands, woodlands and arid areas are mixed with coves and pristine beaches to compose the image of one of the few stunning landscapes left in the Mediterranean. A proper evolution due to the late opening to the tourism sector and the close relationship which links its inhabitants and the land.
